

Pod leaders earn more money, more ways.

Before AEP

You'll be compensated for every successful agent you recruit to the Assurance platform. The more state licenses and RTS statuses your team has prior to AEP, the more you can earn.

- \$ \$50 for every licensed agent who signs up.
- \$ \$10 additional for every active state Medicare license an agent has.
- \$ \$75 for each carrier agent has RTS status with.
- \$ \$100 per agent that completes training.

During AEP

You'll receive override commissions, earn for leading group training calls, and qualify for weekly bonuses.

- \$ \$150 for each agent's first sale.
- \$ 10% override on every agent payout.
- \$ Great commissions on all direct sales you make.
- \$ \$10 per agent that attends your weekly Pod Call.
- \$ Weekly bonus based on Pod conversion.

After AEP

Continue to advance your career while selling through OEP, MedSup, as well as general Health and Life on our best-in-business Assurance platform.

- \$ 10% override on every OEP agent payout.
- \$ 10% override on every MedSup agent payout.
- \$ Great commissions on all direct sales you make.
- \$ Continue to lead your pod. Remember — the more they sell, the more you all earn.

Here's what you could earn:

A Pod leader who recruits a team of 20 agents and ensures that each agent:

1. obtains an average of 25 Medicare state licenses, and
2. has RTS status across all 5 carriers,

could earn over \$15,000 before AEP even begins. Add another 10% override on every agent payout once AEP begins, plus weekly bonuses — the financial opportunities are amazing!
